

The Borough of Poole aim to provide good quality services and your comments and views are VERY important to us....

Do you want to have a say in how Adult Social Services involves you in service design, delivery, monitoring and evaluation?

If the answer is yes - we would like to hear from you.

We are inviting service users and carers to come and work with us to help design a plan to ensure people are involved at all levels

We also need people to help us ensure that we are delivering the services people need and want in the Borough of Poole and help us to monitor progress

Come along and share your ideas and have your voice heard.

If you would like to get involved, please contact Nikki Brown the Quality Development Manager on 01202 261159 or email on nikki.brown@poole.gov.uk. We look forward to hearing from you!

If you want to get more involved in helping to improve services, why not visit the 'Tell us about it' page (under T in the A - Z) on www.boroughofpoole.com.
